

F-Series Brush Mower

PRODUCT DESCRIPTION

The F-Series Brush Mowers are the safest of their kind on the market today. Available in three widths (4, 5 and 6 feet), it can quickly power through grass, light brush and other undergrowth to create a smooth surface in a field or around job sites. Cutting capacity up to 1".

Product shown with optional features.

PERFORMANCE

The BrushHound F-Series Flail Mowers are designed to effectively cut and mulch material up to an inch thick. With both front and rear deflector flaps, projectile throw is virtually eliminated. The F-Series offers three knife configurations and is front-mounted with a universal skid steer style mounting plate.
