

900 Series Brush Shredder

PRODUCT DESCRIPTION

The Vrisimo 900 Brush Flail Shredder is a dual-drive shredder designed to pulverize brush up to 5 inches thick. It will quickly reduce orchard and vineyard trimmings to mulch. Comes standard with internal wear liners and an internal re-cutter bar.

PERFORMANCE

The center of this machine is an electronically balanced 10-inch diameter, by 1/2" thick cutter drum and uses our triple knife 2.25-pound side slicer knives plus a 2-pound straight knife. Internal wear liners and a re-cutter bar are standard. All drive components including gearbox, belts and PTO shafts are 250 HP rated. Height adjustment is controlled hydraulically for continuous brush shredding as close to the ground as possible.
