

# FC1000

Tractor Power

75-100

PTO

540 RPM

Spray Height

40 feet

Weight

4,040 lbs

Standard

40"

Option

32" / 36"

For extended acreage or high throughput orchard operations, the FC1000 provides a full-size solution. With a 1,000 gallon tank, heavier frame, and larger fan it's built for maximum output. The FC1000 features laminar airflow, all steel construction and premium 12ga. crack-free tank. This model is ideal where row spacing, tree height, or acreage demand fewer passes and more capacity.
