

# FX36 Defender Mulcher

The FX36 Defender Forestry Mulcher stands out with its blend of power and finesse, making it a go-to solution for extensive land management challenges. This mulcher is engineered to tackle a wide spectrum of vegetation, **converting dense brush and sizable trees** into manageable mulch with ease. Tailored for mid-sized excavators, the FX36 combines robust construction with sophisticated technology, delivering top-tier performance and adaptability in diverse forestry applications.

Excavator Size

16,000-32,000 lbs

Cut Width

36"

Weight

1,635 lbs

Min. Hydraulics

25-52 GPM

Brush Capacity

8" Inches

Featuring Quadco cutter knives, the FX36 Defender excels in its mulching capabilities, effectively handling materials up to 8 inches in diameter. Its design prioritizes operational efficiency and effectiveness, enabling rapid, thorough vegetation processing. This mulcher is built for endurance, offering sustained high performance in demanding conditions. With the FX36, operators can expect a powerful, reliable **tool that significantly enhances productivity** in land-clearing and maintenance tasks, reinforcing its value in any fleet.

## FX36 Specifications

Model #	FX36
Overall Width	67"
Teeth	24 Quadco 2"
Hydraulic Pressure Req	4,500 PSI
Motor Type	Piston

The FX36 is equipped with 2" Quadco Knives, designed for enhanced cutting strength and durability, ideal for tackling tougher vegetation.

Optimized for mid-sized excavators, the FX36 requires only 25 GPM hydraulic flow, ensuring efficient operation with minimal hydraulic demand.

## KEY FEATURES

- **Quadco QUAD TOOTH® Cutter Knives:** Easy to change 2" knives, Rotatable with four positions, one-piece steel alloy.
- **True Shaft Technology:** An electronically balanced cutter drum with serviceable hubs to ensure straight shaft that run smooth for years of reliable, vibration-free operation.
- **12.75 inch Cutter Drum:** 2,000 RPM, three-quarter inch thickness.
- **Extra-Strength Thumb Saddle:** Serrated edge works with excavator thumb to grab and remove debris or obstacles.
- **Engineered for Mid-Sized Excavators:** Only 25 GPM hydraulic flow required.
- **Cuts Material Up to 8":** Heavy brush, vines, trees.
- **Hoses and Coupler:** 100" Hydraulic hoses and flat face couplers are complementary.
